CALVADA **SURVEYING, INC.**

Calvada Surveying is a full-service land surveying firm that provides professional land surveying services throughout the Western United States.

Since 1989, our commitment has been to provide our clients with a quick turnaround time and detailed land surveys. We measure our success by our ability to earn the loyalty of our clients.

Calvada Surveying has become a trusted partner throughout the Western United States. We offer services for various industries, which include Real Estate, Construction, Telecommunications and Environmental companies.

An important belief of Calvada Surveying is to remain on the forefront of technology. As part of our surveying services, we offer High-Definition Surveying (3D laser scanning). This innovative technology provides highly accurate as-built information in 3D CAD, reducing the need for time intensive and costly manual as-built measurements.

Our commitment is to provide our clients with accurate land surveys and superior customer service. Everything from state-of-the-art equipment to our friendly client oriented professional staff is at your service.

Quality Service

We are committed to providing our clients with the highest quality service.

Timely Delivery

We will assist you with meeting strict project deadlines.

Experience

We have been providing land surveying services since 1989.

Trust

We are a trusted partner in the Real Estate, Telecommunications, Construction and Environmental Industries.
